W&W CONSTRUCTION
2010 LIMITED

Neighbour Notification – Upcoming Piling Works – Te Oranganui Site - Grey Street, Whanganui

Dear Neighbour,

W&W Construction would like to inform you of upcoming construction works at our Grey Street project and provide advance notice of activities that may temporarily impact the surrounding area.

Piling Period
Monday 3 August – Week Commencing 24 August

During this period, piling works will be undertaken as part of the project's foundation construction. While every effort will be made to minimise disruption, these works may generate:

- Construction noise
- Ground vibration associated with piling activities
- Increased movement of construction vehicles to and from the site

Our standard working hours will be:

Monday to Friday
7:30 am – 5:00 pm

We appreciate that construction can be inconvenient at times and will do our best to complete these works safely, efficiently, and with consideration for our neighbours.

Should you have any questions, concerns, or wish to discuss the works, please don't hesitate to contact our project team:

Chris Keenan
Construction Manager
Chris.k@wwconstruction.co.nz

Kevin Andrews
Site Manager
kevin@wwconstruction.co.nz

Thank you in advance for your patience and understanding while these works are carried out. We appreciate your support and apologise for any temporary inconvenience.

Kind regards,

Glenn Wadsworth

W&W Construction Director
